

WHAT YOUR AAUW DONATION SUPPORTS

AAUW is one of the world's largest sources of funding for graduate women. In the 2019-2020 academic year 259 women and community projects will receive \$4.3 million in scholarships and grants. These awards enable women to overcome barriers to education and to become leaders in business, government, academia, community activism and the arts and sciences. This year's recipients included two women from UNC, one from Duke, three from North Carolina State and two from East Carolina University. Due to the generous contributions of women like you these scholarships allow another group of recipients to forge new paths in scholarships by easing the pressure of financing academic and community work.
